There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

ASHLAND, Wis., June 24.—Both Perrin and Baker were on the stand yesterday in the bank robbery trial. Perrin said he gave to Baker several days before the bank was robbed the $1,500 in new bills found on Baker's person when arrested. Perrin says he took the bills from his own box in the bank one noon when the cashier and all the rest were out. Baker entered a general denial and said he was in the basement of the Olymphic theatre, at Ironwood, when the bank was robbed in Hurley, a mile and a half distant.

DES MOINES, Iowa, June 24.—Frank Pierce, the notorious leader of the Polk county gang, shot Terry Chambers last evening. The victim is lying very low from the effects of the shot and there is great excitement over the affair.

The Weather.

WASHINGTON, June 24.—Indiana—Fair, except showers in Northern Indiana; no change in temperature; south winds, shifting.

LOWER CALIFORNIA.

Governor-General Smith Talks About His Filibustering Movement.

SAN FRANCISCO, June 24.—Walter G. Smith, governor-general of the organized filibusters whose attempted raid upon Lower California was recently exposed, has returned to his southern home after a weeks' sojourn in this city. While here he told the full story of the filibustering movement to a reporter. He says that the English colonization company was at the bottom of the scheme, which was in fact simply a revolution. Major Scott, the general manager of the colonization company, first broached the subject to him (Smith) at San Diego. Scott is a member of the English royal engineers and came to Lower California on a two years leave of absence, which has expired and he is on his way to Indiana to join his regiment. Smith says:

"Scott wanted a number of Americans to locate at Ensenada, to take up residence there and become citizens of Mexico. At the proper time an uprising of the people would take place, arms and ammunition being previously smuggled into the territory from the United States. An independent government was to be set up in Lower California with Ensenada as the capital. I accepted Scott's proposition and at his invitation made a trip to Lower California. If the scheme had been carried out I would have made a clean $50,000 by the operation. My printing office at San Diego I intended to remove to Ensenada, where I was to start a daily paper that would become the official organ of the new independent government.

"I was to be made governor-general at a large salary. At Scott's request, before I visited Ensenada, I saw Gen. Edward Hill in San Diego. Gen. Hill was with the Michigan volunteers in the war of the rebellion. As he was an expert in military affairs we looked upon him as a valuable man for Scott's scheme. He accompanied me to Ensenada and after looking over the ground we both concluded that the scheme was feasible. It is my opinion that it would have been a success had not Scott taken so many men into his confidence. He talked entirely too much."

WILL BE TIED UP.

The Entire System of the Illinois Central Will be Unable to Move Trains.

CHICAGO, June 24.—As a result of the strike on the Iowa division of the Illinois Central, at 1 o'clock this morning eighteen trains were standing upon the tracks ready to go out, while twelve trains were scattered along the division, which should have been in at that hour. Grand Master Wilkinson, of the Brotherhood of Railroad Trainmen, will be here this morning. The strikers are positive that he will approve of their action and that unless a settlement is reached soon the entire Illinois Central system from Chicago to New Orleans will be tied up.

The local switchmen and the representatives of the suburban train service held a meeting last night and declared their willingness to strike at a moment's notice. The yardmen also declare their readiness to strike. A meeting of all the employes in the operative department of the company is called for 10 o'clock this morning. The trainmen, freight engineers and firemen, switchmen, crossing guards, etc., will rendevous at the down town freight yards, at 7 o'clock this morning, and committees will be appointed to wait upon General Superintendent Sullivan and state their case. If his response is unfavorable they will call a meeting and form some plan for permanent conduct. Superintendent Caldwell expresses his opinion that the officers of the company will recognize the justice of the strikers' demands as soon as they have an opportunity to investigate them. He expects a fayorable action to-day.

All trains are tied up. At 10 o'clock the strikers agreed to let the express car be attached to the mail car of the St. Louis train. At 10:15 the two cars and an engine pulled out, no passenger coaches being attached.

BEATRICE, Neb., June 24.—Jack Wortman, a noted desperado confined in the county jail for horse stealing, last night killed the jailor, George Maxfield, by striking him over the head with some sort of an edged tool. He escaped in the darkness. The assault was made as the jailor was handing a pail of water through an outside corridor door. The sheriff and a posse are scouring the country for Wortman. Threats of Lynching are made, and if Wortman is recaptured short work may be made of him.

MAIL ROBBERS!

The Inspector's Light Down on a Gang of Them in Iowa--Paymaster Short in His Accounts.

CHICAGO, June 24.—For over nine months past constant complaints have reached the chief of postoffice inspectors here of the loss of checks, postal orders, money, etc., while in transit between Council Bluffs and Davenport, Iowa. The total face value of mail matter lost is over $500,000. The inspectors detailed on the case discovered that mail pouches were stolen at Wyandotte Junction where the mail matter on the Rock Island road is transferred to the Burlington road for early morning delivery in Chicago. One pouch, with 50 per cent. of its contents rifled, was found at the bottom of a well. Another, containing nearly $250,000 worth of checks and drafts, was discovered in a vacant house. Six railroad employes at Wyandotte Junction were placed under surveilance. Four of them, however, managed to slip away. The other two, Wilson Green and A. B. H. Lay, were arrested yesterday and held for trial in $5,000 each.

EL PASO, Texas, June 24.—Paymaster Duran, of the Mexican Central railway, is in jail in the City of Mexico, charged with being $19,000 short in his accounts. Mr. Duran has held a high place in the business and social world of his country's capital and his arrest on the above grave charge has caused a great sensation.

AGAINST THE TRUST.

The Sugar Trust Gets a Black Eye at Saratoga, N. Y.

SARATOGA, N. Y., June 24.—The court of appeals' decision in the sugar case handed down this morning is strongly against the trust. The judgment of the lower courts dissolving the trust are fully affirmed by the court of appeals. This fact was not apparent in the first decision handed down at 10 o'clock, the decision being so clouded with technicalities that its true intent was not apparent to one not familiar with every phase of the case. At 11 o'clock, however, Clerk Parks announced to the anxious group of correspondents that there had been a mistake in preparing the decision, his deputy clerk, or some one else, had left out the most important feature of the decision, viz.: the fact that the court had affirmed in toto the decisions of the lower courts. A copy of the opinion cannot possibly be had here to-day. It is in possession of the court officials at Albany.

MUST BE ELECTROCUTIONIZED.

The Original Judgment in the Kemmler Case Affirmed.

SARATOGA, N. Y., June 24.—The case of Kemmler vs. Durston, warden of Auburn prison, was argued in the court of appeals this morning by W. Burke Cockran for the appellant, who was opposed by Attorney General Charles F. Ober. Arguments were exceedingly brief and the motion was dismissed without the court leaving the room. Chief Judge Ruger, in dismissing the motion, alluded to the grievous delays in the case and ordered Kemmler to remain in the custody of Warden Durston, who will carry out the sentence of the lower court that he be executed by electricity.

EX-SECRETARY M'CRAY.

His Death Occurs at St. Joe, Mo., After a Long Illness.

ST. JOE, Mo., June 24.—Ex-Secretary of War George W. McCray died at the residence of his son-in-law, Dr. W. C. Boetler, at 10 o'clock last night, aged fifty-four years. He has been ill for some time, and has been confined to his bed for a month, being taken down shortly after his arrival here to visit his daughter. His complaint was tumor of the stomach. He leaves a wife and children. The remains will be taken to Keokuk, Iowa, for burial.

GOT AHEAD OF HIM.

Attendants at the State Insane Asylum Resign.

INDIANAPOLIS, June 24.—Superintendent Wright, of the insane hospital, returned from the east yesterday and found that Misses Griffiths and Kane and all other attendants connected with the abuse of Mrs. Baker, of Aurora, had tendered their resignations during his absence. They were promptly accepted and the attendants have left the institution. It was the superintendent's intention to discharge them, but they anticipated his action.

Lockout Broken.

NEW YORK, June 24.—Hopkins and Marks, members of the association of the cloak firms, surrendered this morning to the terms of the locked out workmen. The men will go back to work at once and be paid in full for the time they have been out. This breaks the backbone of the lockout and it is only a short time when the other firms will yield.

Law and Order Triumph.

CEDAR KEYS, Fla., June 24.—At the city election yesterday Col. E. J. Lutertoth, the law and order candidate, was elected mayor to succeed Mayor Cotterall, whose whereabouts are unknown. The Cotterall faction worked hard to defeat Lutertoth.

BIT BY A MAD DOG!

Four Persons, Fearing Hydrophobia, Journey Ten Miles to Have the Mad Stone Applied.

ST. JOSEPH, Mo., June 24.—Four persons, Ira Peters, Mrs. Mary Leach and daughter, and Miss Emma Riley, were bitten by a mad dog yesterday afternoon. Peters was the last one bitten. He seized the dog by the neck and held it until it was shot. The wounds of those who are bitten were at once cauterized, but hydrophobia is feared. They will all go to a town ten miles north of St. Joseph to-day, where they will have a mad stone applied.

WASHINGTON.

The Committee Report Adversely to the Senate Amendment on the Silver Bill.

WASHINGTON, June 24.—By a vote of 6 to 5 the house committee on coinage, weights and measures to-day decided to report the silver bill back to the house with a recommendation that the senate amendments be non-concurred in, and a conference asked. Messrs. Walker, of Massachusetts, and Mutchler, of Pennsylvania, were absent from the meeting.

The committee on rules which was in session to consider a program for disposing of the new national election bill, was informed of the action of the committee and immediately adopted a resolution providing for the discussion of the committee and report in the house today and until 2 o'clock to-morrow when the previous question is to be considered as ordered and a vote on the question of non-concurrence in the amendments is to be taken. The committee on rules will meet again to-morrow to consider the bill and it is believed that a resolution will be adopted providing for its consideration in the house this week.

A VOTE TO-MORROW.

The house has adopted the rule to consider the silver bill at once and vote at 2 o'clock to-morrow on the senate amendments.

ESCAPED LYNCHING.

Trouble Among the Street Sprinkling Drivers at St. Louis.

ST. LOUIS, June 24.—For some time ill feeling has existed between the drivers of the St. Louis Sprinkling company and Foreman Andrew C. Hein. Recently the drivers demanded an increase of wages, and their request being denied, they blamed Hein for their failure to secure better wages. Last night two discharged drivers named Jack Masterson and John Gempke assailed Hein at the company's yards. Hein shot and almost instantly killed Masterson. An officer placed Hein under arrest and they were soon surrounded by a howling mob, who pelted them with stones, bricks and clubs. For many minutes it looked as if Hein was to be lynched. Other policemen came to the rescue and Hein, almost dead from his injuries, was rescued from the mob and placed in jail.

THE FARM HILL HORROR.

The Rescuing Party Will Gain an Entrance to the Death Prison.

PITTSBURG, Pa., June 24.—A report has reached the city that about 3:30 o'clock this morning the rescuing party at Dunbar made an opening into the Farm Hill mine and at once walled it up again pending necessary preparations for an exploration. The report, however, lacks confirmation. A later telegram from Dunbar, says: "A fresh-air passage has just been opened by the rescuing party. It is believed that it leads into the Farm Hill mine. The end is likely to come before noon."

DR. LIGHTHALL'S DIAMONDS.

The Diamond King's Jewelry Exhibited in a St. Louis Show Window.

A Fort Wayne gentleman happened in St. Louis the other day and relates that, when passing the office of a leading pawn-broker, he noticed a peculiar collection of diamond-studded jewelry, and upon inquiry learned that it was the former property of Dr. J. I. Lighthall, the traveling medicine man, who died in Texas some time ago. The doctor will be well remembered for his exploits in this city. He was familiarly known as the "Diamond King." In the collection is a massive gold case, horse-timer watch, studded with sixty-four diamonds. A picture of the doctor is engraved on the outside of the golden case. The original cost was $3,800. There is a massive gold neck chain weighing 600 pennyweights, strong enough for a hitching rein for a frisky horse. A ring, with a setting surface one and a half inches square, is bedecked with 185 small diamonds. There are two other rings which belonged to his wife that are set with diamonds, and a large golden cross set with thirty-eight diamonds. There are several other pieces of jewelry equally as elaborate, forming one of the most peculiar and costly displays ever shown in a pawn shop window. The jewelry was pledged by the widow of the deceased about a year and a half ago and is for sale.

THE BODY IDENTIFIED.

The Headless Body at Claypool That of F. Baker.

The headless body of a man found on the trucks of the Nickel Plate engine at Claypool yesterday morning has been identified as that of F. Baker, a young man who had been working for George Hall, near Claypool. Indications point to the fact that he had got off the track, but did not either get far enough or attempted to cross over to the other side and was caught. He was an excellent young man and highly respected.

Mrs. M. C. Cooper, wife of Rev. M. C. Cooper, of the St. Paul M. E. church, is visiting relatives at Upper Sandusky, Ohio.

WILL IT BE GUILTY?

The Davidson Murder Trial Goes to the Jury To-day--The Local Court Proceedings.

The testimony of the defense in the Davidson murder trial was resumed at Columbia City Monday morning. The witnesses examined were Louis Lincoln, Basil L. Butt, Eliza Vandewater and Frank Ruby. There was no evidence of a startling nature introduced and the state gave no rebuttal testimony. The arguments of the counsel in the case were commenced in the afternoon by J. F. Rodabaugh, the assistant prosecutor, who spoke for two hours and a half. Mr. C. M. Dawson, for the defense, spoke in the evening. Judge S. M. Hench spoke this morning for the defense, and Prosecutor J. M. Robinson is closing the case this afternoon.

THE LOCAL COURTS.

Charles Brizius enters suit in the circuit court against Emily Snodgrass for $500 damages for slander. In the complaint, which is drawn up by Attorney J. R. Bittinger, it is alleged that the character of the plaintiff was injured by his being charged with stealing a coat and vest from the house of the defendant.

Justice Ryan has finally settled the case against Phillip Fraighlech for abusing a child. He assessed a fine of $10 and costs, amounting to $36, which the defendant, being unable to pay, went to jail for thirty-six days. A quarrel which grew out of this suit resulted in the fining of George Hoffman, the prosecuting witness, $1 and costs for assault and battery on Ellen Whitmer.

Justice Ryan is hearing a case this afternoon in which Henry Rodeheaver is accused by his wife of failure to support her.

Bert Koch, for assaulting Ella M. Payne, a colored girl, is having a hearing before Justice Ryan to-day.

Lena A. Degitz, through her attorney, A. H. Bittinger, enters suit against Louis Degitz. Cruel treatment and failure to provide are charged. The parties reside in the sixth ward, and the defendant is a one-armed railroad watchman.

Mayor's Court—August Strader, for assault and battery on his wife, went to jail for eleven days; William Riley, for soaking his hide in beer, was sent to jail for eleven days.

William Jones, a vicious looking mulatto, assaulted John Sheehan with a hatchet. The tool struck Sheehan on the hand, cutting him badly. The assault occurred near Secrist's saloon, not far from the Rich hotel, and Officer O'Ryan made the arrest. The colored prisoner was arraigned before the mayor this morning and bound over in the sum of $500, in default of which he went to jail.

A PITIFUL DEATH.

Ella Perry, a Betrayed Girl, Gives Up Her Life.

This morning a little past 4 o'clock a most painful and heart-rending scene was witnessed in the quiet home of Mr. and Mrs. Marion Perry, 100 Walton avenue. Young Ella Perry, their cherished daughter, yet at the threshold of young womanhood, was dying, the victim of a cruel betrayer, unknown to all but the unfortunate girl who was then giving up her life. Five weeks ago Miss Perry gave birth to a baby boy, whose ill-timed arrival caused only shame to the young mother and sorrow to the family. We let the mantle of charity fall here. The girl did not recover and her symptoms were so alarming this morning that Dr. George C. Stemen was summoned, but upon his arrival a soothing and immortal relief had come to the girl. She was in the sleep of death and the motherless babe lying near her.

The deceased was seventeen years old and an exceptionally bright young lady, whose sunny disposition endeared her to a large circle of friends. The funeral will be announced hereafter.

REV. W. B. RILEY, pastor of the First Baptist church, of Lafayette, has accepted a call to Bloomington, Ill. Mr. Riley recently received a flattering call to Lynchburg, Va., but declined.

THE republicans of Tippecanoe county have selected Job Osborne for state senator and Asbury F. Wells for representative. Both are ex-members of the general assembly.

THE cholera scare is inducing a number of cities to clean up. It hasn't reached Fort Wayne, yet. Some enterprising newspaper reporter will be springing the sensation before long, however. It always comes with the summer months.

REV. WM. P. GEORGE, D. D., of Jersey City, delivered an address last evening in the chapel of the M. E. college to the students, using for his theme, "A Bird's Eye View of the Bible," The lecture was an interesting one and ably handled by the speaker.

AUBURN, South Bend, Ligonier, Goshen, Kendallville, and Waterloo have joined with Montpelier and Hicksville, Ohio, in forming a fair circuit, advertising and working in common. The first fair will open at Auburn September 7, and the others will follow in regular succession, closing at Waterloo October 10.

MAYOR HARDING has issued a proclamation forbidding dogs to run at large after July 1st and up to October 1st, without being muzzled, and ordering the police to shoot all canines disobeying the order. The dogs will heed this warning and govern themselves accordingly if they wish to live and enjoy another winter.

MRS. MARIE B. WOODWORTH, the evangelist, well known here, was badly treated in California the other day. She predicted that the Golden Gate city would be destroyed by an earthquake, a cyclone, a monsoon and a tidal wave. But they all missed connection and some people were very warm. This feeling of disappointment among those who had sold their property, anticipating a depression in the prices of real estate, when the scare ran over the town, nearly caused the death of Mrs. Woodworth Tuesday night. They gathered about the tent where she had been preaching and mobbed her. Her life was saved, but that is about all she did save.

THE board of visitors of West Point is considering the subject of increasing the number of cadets at West Point to 500. The plan for the increase is to allow each senator an appointment and to give the president ten every year.

THE secretary of war says that, with the present force at his disposal, it will require six years to complete the compiling, indexing, printing and binding of the official record of the rebellion. There will be 120 volumes. Forty-five of them have already been distributed, and eleven are printed and being indexed, leaving sixty-four volumes to be compiled and printed.

LEWIS MOORE, the democratic candidate for auditor of Delaware county, has offered, in case of his election, to refund $1,500 per annum of his salary to the county, making a total of $6,000 for the term. Claim is made that this proposition conflicts with the new election law, and that Mr. Moore has lain himself liable to prosection, because it is a bid for the votes of tax payers.

THE International Sunday school convention convenes in Pittsburg today, and will continue for four days, holding three sessions daily. It promises to be the largest and most important meeting of the kind ever held, fully fifteen hundred delegates and prominent divines being expected. In addition to the delegates from the states and British provinces, commissioners from various foreign countries will attend. Among those from foreign lands one from India and one from Egypt have already reached this country.

THE salaries paid church choir singers are beginning to assume the proportions paid those on the operatic stage. Miss Clementina de Vere, the soprano in Dr. Paxton's church, New York city, receives $4,000 a year for her services, or $112.50 each Sunday. This is claimed to be the highest salary ever paid to a choir singer, either in America or Europe. Miss Jennie Sutton, the soprano of the Fifth Avenue Baptist church, New York, draws $3,000 a year from the church and realizes $5,000 more from concert engagements.

GOVERNOR CAMPBELL was asked to tell what a young man just graduated from college should do. The governor made this sensible reply: "As a rule, I think, too many college graduates seek professions, so called, as the law, medicine and the ministry. If they would go more into mercantile, mining, manufacturing or railroad industries their chances for success in life would doubtless be improved. My own observation has taught me that a young man who is determined to win, and who preserves good habits and a high moral tone, is sure to succed, unless he meet with loss of health or other unusual misfortune."

The ceremony was performed at the bride's home on Montgomery street, Rev. J. M. Boggs, pastor of the Third Presbyterian church officiating. The nuptials were celebrated without ostentatious display, in the presence of only a few friends and relatives. The attendants to the bride and groom were Miss Minnie Rose, of Grand Rapids, and Mr. Robert Dreibelbiss, of this city. WASHINGTON TYPEWRITERS.

Some of the Girls Make a Good Living Outside of the Department.

The Washington correspondent of the New York World says: Some of the prettiest girls in Washington are typewriters. They are numbered by the thousands, and they are the most expert of their kind in the United States. The greater part of the typewriting of the departments is done by them, and scores of them have offices and take in work from congressmen, lobbyists, claimants and attorneys. They come from all parts of the country, and I am told that there are 1,500 who make a living outside of that given through the civil service by Uncle Sam. I chatted with one of these yesterday about her business.

She said: "Of course I like it. I get more pay here than I could get in New York, Philadelphia or Chicago and I make enough to buy a lot now and then. I was offered a twelve-hundred-dollar clerkship in the treasury a few months ago and I would not take it. I can make more outside and I would not have my life ground out by the government machine, nor will I let one of those smirky chiefs boss me around. I have a number of congressmen whose correspondence I attend to. They come here in the morning and dictate their work in short-hand, and I often go to the office of a senator or to his committee room at the capitol when there is a big job on hand. Of course I get big prices for such labor and I have often received a dollar an hour. Senator Stanford pays the highest prices and he often employs typewriters. Such copying as I do I get paid for by the folio of a hundred words and the average rate paid here is sixty cents per 1,000 words. I sometimes do work for reporters and I once had an arrangement with Amos Cummings to give him three hours every evening. He dictated directly to the typewriter and he paid me $20 a week."

An Unfortunate "Cracker."

The phosphate beds produce lots of funny instances. A tall, lank Cracker entered a chemist's office the other day with a handkerchief full of rock and sand, and in a husky and excited whisper said:

"Mister, be you alone?"

"Yes, sir."

"Can I lock this door?"

"Yes, if you wish to."

After locking the door and seeing that no one was hiding anywhere, the Cracket slowly undid his handkerchief and handed some rocks to the chemist for his inspection, and asked: "What do you think of that?"

The chemist carefully examined it and said: "I do not think much of it," at the same time pouring some acid on it which caused it to effervesce like a seidlitz powder.

Cracker—What does that show?

Chemist—That shows it is a first class sample of lime, with no bone phosphate about it.

Cracker—Boss, are you sure about that stuff?

Chemist—Yes, very sure.

Cracker (with a long drawn breath)—Well, I've married a widder with a hill plumb full of that stuff, an' I thought it was phosphate. I'm in fer it, ain't I? Good-by.—*Gainesville Advocate.*

A YOUNG man was calling on a Congressman's daughter, the other evening, when the father appeared at the parlor door. "May I come in?" he asked hesitatingly. "Oh, yes," she answered, "you may, but we have a quorum without you." Then he didn't.

Some women imagine that nothing will stand the peculiar breaking strain of their forms on corset "bones."

They don't know Kabo, which neither breaks or kinks.

If Kabo breaks or kinks in a year, go back to the store at which you bought your corset and get your money again, every cent of it.

If the corset doesn't suit you, after wearing a week or two or three, go back for your money.

There's a primer on Corsets for you at the store.

Habitual Costiveness causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

"Just as Good,"

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is peculiar to itself.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

The Crowned Heads of the World LOOKING ON.

Sixty years ago S. S. S. was made in an ordinary iron pot; fifteen years ago it was prepared in large sugar kettles, and now it requires a great number of large steam-tight percolators to supply the demand, and takes the product of a large glass furnace to furnish a sufficient number of bottles. S. S. S. is known all over the English-speaking world, and in many places where English is not spoken. These simple facts are worth more to a sick man than a train load of arguments. If you have had any blood disease you should take this great vegetable remedy. If there is pulmonary disease, take it yourself and give it to your children. If you have ever taken the mercury and potash mixtures, you should take S. S. S. to clear your system of the poison.

CAUTION.—Like every other article of merit S. S. S. is imitated, aped, and pirated on by all sorts, shapes and sizes of impecunious creatures who hope to make money on its reputation. Many of these vile compounds contain Mercury, Potash, Arsenic, and other poisons, and are positively dangerous to use. An imitation is always a fraud, and flourishes only as it can rob the public. There is only one S. S. S., and there is nothing like it. Be sure to get the genuine.

THE MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. PC TTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

It was not thought safe to keep them here, and the three men were chained together and taken to the jail at Clarksville.

ASHLAND, Wis., June 24.—Both Perrin and Baker were on the stand yesterday in the bank robbery trial. Perrin said he gave to Baker several days before the bank was robbed the $1,500 in new bills found on Baker's person when arrested. Perrin says he took the bills from his own box in the bank one noon when the cashier and all the rest were out. Baker entered a general denial and said he was in the basement of the Olympic theatre, at Ironwood, when the bank was robbed in Hurley, a mile and a half distant.

DES MOINES, Iowa, June 24.—Frank Pierce, the notorious leader of the Polk county gang, shot Terry Chambers last evening. The victim is lying very low from the effects of the shot and there is great excitement over the affair.

The Weather.

WASHINGTON, June 24.—Indiana—Fair, except showers in Northern Indiana; no change in temperature; southwesterly winds.

LOWER CALIFORNIA.

Governor-General Smith Talks Abont His Filibustering Movement.

SAN FRANCISCO, June 24.—Walter G. Smith, governor-general of the organized filibusters whose attempted raid upon Lower California was recently exposed, has returned to his southern home after a weeks' sojourn in this city. While here he told the full story of the filibustering movement to a reporter. He says that the English colonization company was at the bottom of the scheme, which was in fact simply a revolution. Major Scott, the general manager of the colonization company, first broached the subject to him (Smith) at San Diego. Scott is a member of the English royal engineers and came to Lower California on a two years leave of absence, which has expired and he is on his way to Indiana to join his regiment. Smith says:

"Scott wanted a number of Americans to locate at Ensenada, to take up residence there and become citizens of Mexico. At the proper time an uprising of the people would take place, arms and ammunition being previously smuggled into the territory from the United States. An independent government was to be set up in Lower California with Ensenada as the capital. I accepted Scott's proposition and at his invitation made a trip to Lower California. If the scheme had been carried out I would have made a clean $50,000 by the operation. My printing office at San Diego I intended to remove to Ensenada, where I was to start a daily paper that would become the official organ of the new independent government.

"I was to be made governor-general at a large salary. At Scott's request, before I visited Ensenada, I saw Gen. Edward Hill in San Diego. Gen. Hill was with the Michigan volunteers in the war of the rebellion. As he was an expert in military affairs we looked upon him as a valuable man for Scott's scheme. He accompanied me to Ensenada and after looking over the ground we both concluded that the scheme was feasible. It is my opinion that it would have been a success had not Scott taken so many men into his confidence. He talked entirely too much."

WILL BE TIED UP.

The Entire System of the Illinois Central Will be Unable to Move Trains.

CHICAGO, June 24.—As a result of the strike on the Iowa division of the Illinois Central, at 1 o'clock this morning eighteen trains were standing upon the tracks ready to go out, while twelve trains were scattered along the division, which should have been in at that hour. Grand Master Wilkinson, of the Brotherhood of Railroad Trainmen, will be here this morning. The strikers are positive that he will approve of their action and that unless a settlement is reached soon the entire Illinois Central system from Chicago to New Orleans will be tied up.

The local switchmen and the representatives of the suburban train service held a meeting last night and declared their willingness to strike at a moment's notice. The yardmen also declare their readiness to strike. A meeting of all the employes in the operative department of the company is called for 10 o'clock this morning. The trainmen, freight engineers and firemen, switchmen, crossing guards, etc., will rendezvous at the down town freight yards, at 7 o'clock this morning, and committees will be appointed to wait upon General Superintendent Sullivan and state their case. If his response is unfavorable they will call a meeting and form some plan for permanent conduct. Superintendent Caldwell expresses his opinion that the officers of the company will recognize the justice of the strikers' demands as soon as they have an opportunity to investigate them. He expects a favorable action to-day.

All trains are tied up. At 10 o'clock the strikers agreed to let the express car be attached to the mail car of the St. Louis train. At 10:15 the two cars and an engine pulled out, no passenger coaches being attached.

BROKE JAIL.

A Desperado Kills the Jailor and Escapes in the Darkness.

BEATRICE, Neb., June 24.—Jack Wortman, a noted desperado confined in the county jail for horse stealing, last night killed the jailor, George Maxfield, by striking him over the head with some sort of an edged tool. He escaped in the darkness. The assault was made as the jailor was handing a pail of water through an outside corridor door. The sheriff and a posse are scouring the country for Wortman. Threats of Lynching are made, and if Wortman is recaptured short work may be made of him.

MAIL ROBBERS!

The Inspector's Light Down on a Gang of Them in Iowa--Paymaster Short in His Accounts.

CHICAGO, June 24.—For over nine months past constant complaints have reached the chief of postoffice inspectors here of the loss of checks, postal orders, money, etc., while in transit between Council Bluffs and Davenport, Iowa. The total face value of mail matter lost is over $500,000. The inspectors detailed on the case discovered that mail pouches were stolen at Wyandotte Junction where the mail matter on the Rock Island road is transferred to the Burlington road for early morning delivery in Chicago. One pouch, with 50 per cent. of its contents rifled, was found at the bottom of a well. Another, containing nearly $250,000 worth of checks and drafts, was discovered in a vacant house. Six railroad employes at Wyandotte Junction were placed under surveilance. Four of them, however, managed to slip away. The other two, Wilson Green and A. P. H. Lay, were arrested yesterday and held for trial in $5,000 each.

EL PASO, Texas, June 24.—Paymaster Duran, of the Mexican Central railway, is in jail in the City of Mexico, charged with being $19,000 short in his accounts. Mr. Duran has held a high place in the business and social world of his country's capital and his arrest on the above grave charge has caused a great sensation.

AGAINST THE TRUST.

The Sugar Trust Gets a Black Eye at Saratoga, N. Y.

SARATOGA, N. Y., June 24.—The court of appeals' decision in the sugar case handed down this morning is strongly against the trust. The judgment of the lower courts dissolving the trust are fully affirmed by the court of appeals. This fact was not apparent in the first decision handed down at 10 o'clock, the decision being so clouded with technicalities that its true intent was not apparent to one not familiar with every phase of the case. At 11 o'clock, however, Clerk Parks announced to the anxious group of correspondents that there had been a mistake in preparing the decision, his deputy clerk, or some one else, had left out the most important feature of the decision, viz.: the fact that the court had affirmed in toto the decisions of the lower courts. A copy of the opinion cannot possibly be had here to-day. It is in possession of the court officials at Albany.

MUST BE ELECTROCUTIONIZED.

The Original Judgment in the Kemmler Case Affirmed.

SARATOGA, N. Y., June 24.—The case of Kemmler vs. Durston, warden of Auburn prison, was argued in the court of appeals this morning by W. Burke Cookran for the appellant, who was opposed by Attorney General Charles F. Ober. Arguments were exceedingly brief and the motion was dismissed without the court leaving the room. Chief Judge Ruger, in dismissing the motion, alluded to the grievous delays in the case and ordered Kemmler to remain in the custody of Warden Durston, who will carry out the sentence of the lower court that he be executed by electricity.

ST. JOE, Mo., June 24.—Ex-Secretary of War George W. McCray died at the residence of his son-in-law, Dr. W. C. Boetler, at 10 o'clock last night, aged fifty-four years. He has been ill for some time, and has been confined to his bed for a month, being taken down shortly after his arrival here to visit his daughter. His complaint was tumor of the stomach. He leaves a wife and children. The remains will be taken to Keokuk, Iowa, for burial.

INDIANAPOLIS, June 24.—Superintendent Wright of the insane hospital, returned from the east yesterday and found that Misses Griffiths and Kane and all other attendants connected with the abuse of Mrs. Baker, of Aurora, had tendered their resignations during his absence. They were promptly accepted and the attendants have left the institution. It was the superintendent's intention to discharge them, but they anticipated his action.

Lockout Broken.

NEW YORK, June 24.—Hopkins and Marks, members of the association of the cloak firms, surrendered this morning to the terms of the locked out workmen. The men will go back to work at once and be paid in full for the time they have been out. This breaks the backbone of the lockout and it is only a short time when the other firms will yield.

Law and Order Triumph.

CEDAR KEYS, Fla., June 21.—At the city election yesterday Col. E. J. Lutertolh, the law and order candidate, was elected mayor to succeed Mayor Cotterell, whose whereabouts are unknown. The Cotterell faction worked hard to defeat Lutertolh.

Four Persons, Fearing Hydrophobia, Journey Ten Miles to Have the Mad Stone Applied.

ST. JOSEPH, Mo., June 24.—Four persons, Ira Peters, Mrs. Mary Leach and daughter, and Miss Emma Riley, were bitten by a mad dog yesterday afternoon. Peters was the last one bitten. He seized the dog by the neck and held it until it was shot. The wounds of those who are bitten were at once cauterized, but hydrophobia is feared. They will all go to a town ten miles north of St. Joseph to-day, where they will have a mad stone applied.

WASHINGTON.

The Committee Report Adversely to the Senate Amendment on the Silver Bill.

WASHINGTON, June 24.—By a vote of 6 to 5 the house committee on coinage, weights and measures to-day decided to report the silver bill back to the house with a recommendation that the senate amendments be non-concurred in, and a conference asked. Messrs. Walker, of Massachusetts, and Mutchler, of Pennsylvania, were absent from the meeting.

The committee on rules which was in session to consider a program for disposing of the new national election bill, was informed of the action of the committee and immediately adopted a resolution providing for the discussion of the committee and report in the house to-day and until 2 o'clock to-morrow when the previous question is to be considered as ordered and a vote on the question of non-concurrence in the amendments is to be taken. The committee on rules will meet again to-morrow to consider the bill and it is believed that a resolution will be adopted providing for its consideration in the house this week.

A VOTE TO-MORROW.

The house has adopted the rule to consider the silver bill at once and vote at 2 o'clock to morrow on the senate amendments.

ESCAPED LYNCHING.

Trouble Among the Street Sprinkling Drivers at St. Louis.

ST. LOUIS, June 24.—For some time ill feeling has existed between the drivers of the St. Louis Sprinkling company and Foreman Andrew C. Hein. Recently the drivers demanded an increase of wages, and their request being denied, they blamed Hein for their failure to secure better wages. Last night two discharged drivers named Jack Masterson and John Gempke assailed Hein at the company's yards. Hein shot and almost instantly killed Masterson. An officer placed Hein under arrest and they were soon surrounded by a howling mob, who pelted them with stones, bricks and clubs. For many minutes it looked as if Hein was to be lynched. Other policemen came to the rescue and Hein, almost dead from his injuries, was rescued from the mob and placed in jail.

PITTSBURG, Pa., June 24.—A report has reached the city that about 3:30 o'clock this morning the rescuing party at Dunbar made an opening into the Farm Hill mine and at once walled it up again pending necessary preparations for an exploration. The report, however, lacks confirmation. A later telegram from Dunbar, says: "A fresh-air passage has just been opened by the rescuing party. It is believed that it leads into the Farm Hill mine. The end is likely to come before noon."

Fatal Wreck.

HAMILTON, Ont., June 24.—The Atlantic express on the Grand Trunk railroad, consisting of a baggage car, two day coaches, smoking car, two sleeping cars and a dining car, was derailed at Copetown, sixteen miles west of Hamilton, yesterday afternoon. DR. LIGHTHALL'S DIAMONDS.

The Diamond King's Jewelry Exhibited in a St. Louis Show Window.

A Fort Wayne gentleman happened in St. Louis the other day and relates that, when passing the office of a leading pawn-broker, he noticed a peculiar collection of diamond-studded jewelry, and upon inquiry learned that it was the former property of Dr. J. I. Lighthall, the traveling medicine man, who died in Texas some time ago. The doctor will be well remembered for his exploits in this city. He was familiarly known as the "Diamond King." In the collection is a massive gold case, horse-timer watch, studded with sixty four diamonds. A picture of the doctor is engraved on the outside of the golden case. The original cost was $3,800. There is a massive gold neck chain weighing 600 pennyweights, strong enough for a hitching rein for a frisky horse. A ring, with a setting surface one and a half inches square, is bedecked with 185 small diamonds. There are two other rings which belonged to his wife that are set with diamonds, and a large golden cross set with thirty-eight diamonds. There are several other pieces of jewelry equally as elaborate, forming one of the most peculiar and costly displays ever shown in a pawn shop window. The jewelry was pledged by the widow of the deceased about a year and a half ago and is for sale.

THE BODY IDENTIFIED.

The Headless Body at Claypool That of F. Baker.

The headless body of a man found on the trucks of the Nickel Plate engine at Claypool yesterday morning has been identified as that of F. Baker, a young man who had been working for George Hall, near Claypool. Indications point to the fact that he had got off the track, but did not either get far enough or attempted to cross over to the other side and was caught. He was an excellent young man and highly respected.

Mrs. M. C. Cooper, wife of Rev. M. C. Cooper, of the St. Paul M. E. church, is visiting relatives at Upper Sandusky, Ohio.

WILL IT BE GUILTY?

The Davidson Murder Trial Goes to the Jury To-day--The Local Court Proceedings.

The testimony of the defense in the Davidson murder trial was resumed at Columbia City Monday morning. The witnesses examined were Louis Lincoln, Basil L. Butt, Eliza Vandewater and Frank Ruby. There was no evidence of a startling nature introduced and the state gave no rebuttal testimony. The arguments of the counsel in the case were commenced in the afternoon by J. F. Rodabaugh, the assistant prosecutor, who spoke for two hours and a half. Mr. C. M. Dawson, for the defense, spoke in the evening. Judge S. M. Hench spoke this morning for the defense, and Prosecutor J. M. Robinson is closing the case this afternoon.

THE LOCAL COURTS.

Charles Brizius enters suit in the circuit court against Emily Snodgrass for $500 damages for slander. In the complaint, which is drawn up by Attorney J. R. Bittinger, it is alleged that the character of the plaintiff was injured by his being charged with stealing a coat and vest from the house of the defendant.

Justice Ryan has finally settled the case against Phillip Fraighlech for abusing a child. He assessed a fine of $10 and costs, amounting to $36, which the defendant, being unable to pay, went to jail for thirty-six days. A quarrel which grew out of this suit resulted in the fining of George Hoffman, the prosecuting witness, $1 and costs for assault and battery on Ellen Whitmer.

Justice Ryan is hearing a case this afternoon in which Henry Rodeheaver is accused by his wife of failure to support her.

Bert Koch, for assaulting Ella M. Payne, a colored girl, is having a hearing before Justice Ryan to-day.

Lena A. Degitz, through her attorney, A. H. Bittinger, enters suit against Louis Degitz. Cruel treatment and failure to provide are charged. The parties reside in the sixth ward, and the defendant is a one-armed railroad watchman.

Mayor's Court—August Strader, for assault and battery on his wife, went to jail for eleven days; William Riley, for soaking his hide in beer, was sent to jail for eleven days.

William Jones, a vicious looking mulatto, assaulted John Sheehan with a hatchet. The tool struck Sheehan on the hand, cutting him badly. The assault occurred near Secrist's saloon, not far from the Rich hotel, and Officer O'Ryan made the arrest. The colored prisoner was arraigned before the mayor this morning and bound over in the sum of $500, in default of which he went to jail.

A PITIFUL DEATH.

Ella Perry, a Betrayed Girl, Gives Up Her Life.

This morning a little past 4 o'clock a most painful and heart-rending scene was witnessed in the quiet home of Mr. and Mrs. Marion Perry, 100 Walton avenue. Young Ella Perry, their cherished daughter, yet at the threshold of young womanhood, was dying, the victim of a cruel betrayer, unknown to all but the unfortunate girl who was then giving up her life. Five weeks ago Miss Perry gave birth to a baby boy, whose ill-timed arrival caused only shame to the young mother and sorrow to the family. We let the mantle of charity fall here. The girl did not recover and her symptoms were so alarming this morning that Dr. George C. Stemen was summoned, but upon his arrival a soothing and immortal relief had come to the girl. She was in the sleep of death and the motherless babe lying near her.

The deceased was seventeen years old and an exceptionally bright young lady, whose sunny disposition endeared her to a large circle of friends. The funeral will be announced hereafter.

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is peculiar to itself.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

The Crowned Heads of the World LOOKING ON.

Sixty years ago S. S. S. was made in an ordinary iron pot; fifteen years ago it was prepared in large sugar kettles, and now it requires a great number of large steam-tight percolators to supply the demand, and takes the product of a large glass furnace to furnish a sufficient number of bottles. S. S. S. is known all over the English-speaking world, and in many places where English is not spoken. These simple facts are worth more to a sick man than a train load of arguments. If you have had any blood disease you should take this great vegetable remedy. If there is pulmonary disease, take it yourself and give it to your children. If you have ever taken the mercury and potash mixtures, you should take S. S. S. to clear your system of the poison.

CAUTION.—Like every other article of merit S. S. S. is imitated, aped, and pirated on by all sorts, shapes and sizes of impecunious creatures who hope to make money on its reputation. Many of these vile compounds contain Mercury, Potash, Arsenic, and other poisons, and are positively dangerous to use. An imitation is always a fraud, and flourishes only as it can rob the public. There is only one S. S. S., and there is nothing like it. Be sure to get the genuine.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

E. C. POTTER & CO.— No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— DOLLARS.

$578,345.00/100 — DEC 29 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A.

—E. Ψ E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son-in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

ESTABLISHED 1833 — TUESDAY, JUNE 24, 1890. — PRICE TWO CENTS

We keep store to supply our customers with what they want. We do not presume to instruct them as to what they ought to want.

There has never been till now a corset that fully answered the hardest wear which that much abused garment is put to.

The Kabo corset is "boned" with a new material, Kabo, that cannot be broken, or kinked, or shifted in wear.

The rest of the corset is made as durable as the Kabo; there are no metal eyelets to rust or to cut the corset laces, and the overlacing in the back never shows through thin or close-fitting waists.

If the Kabo breaks in a year's wear, we refund the money. If the loops eyelets pull out, we refund the money. The steels may break—there is nothing else in the corset to break.

You may wear the Kabo corset two or three weeks and return it if not satisfactory; money returned in full.

Finding herself unable to go to sleep she took what proved to be an overdose of chloral. After persistent efforts, lasting through four hours, and the application of powerful remedies, Madame Bernhardt began slowly to recover.

CRIMINAL CALENDAR.

Trial of the Cotton-Belt Robbers—Murdered For His Money.

TEXARKANA, Ark., June 24.—The trial of the cotton-belt train robbers was resumed yesterday and Mrs. Radcliffe gave her testimony, which agrees with her statement already published. Her evidence created great excitement and when she had finished the court remanded the prisoners to jail without bail. It was not thought safe to keep them here, and the three men were chained together and taken to the jail at Clarksville.

OTTAWA, Ill., June 24.—David Moore, a traveling salesman for the T. Scott Lumber company, of Morrill, Wis., was found murdered in Allen's park this morning. He was probably killed for his money.

ASHLAND, Wis., June 24.—Both Perrin and Baker were on the stand yesterday in the bank robbery trial. Perrin said he gave to Baker several days before the bank was robbed the $1,500 in new bills found on Baker's person when arrested. Perrin says he took the bills from his own box in the bank one noon when the cashier and all the rest were out. Baker entered a general denial and said he was in the basement of the Olympic theatre, at Ironwood, when the bank was robbed in Harley, a mile and a half distant.

DES MOINES, Iowa, June 24.—Frank Pierce, the notorious leader of the Polk county gang, shot Terry Chambers last evening. The victim is lying very low from the effects of the shot and there is great excitement over the affair.

OMAHA, Neb., June 24.—Suit has been begun by the Union Pacific railroad company against C. H. McKibben, late general purchasing agent of the road, for the recovery of $60,000, of which he is said to have defrauded the company. It is alleged that McKibben contracted for material at 33½ per cent. greater than its value. The suit is based on a contract made with G. H. Barnes & Co., lumber dealers of St. Louis.

ST. LOUIS, Mo., June 24.—Shortly after 2 o'clock this morning three men signalled to a street car at the corner of Eleventh and Pine streets and the driver stopped the car. The driver yelled for the police, and after a lively chase two of the highwaymen were captured.

The Weather.

WASHINGTON, June 24.—Indiana—Fair, except showers in Northern Indiana; no change in temperature; southwesterly winds.

LOWER CALIFORNIA.

Governor-General Smith Talks About His Filibustering Movement.

SAN FRANCISCO, June 24.—Walter C. Smith, governor-general of the organized filibusters whose attempted raid upon Lower California was recently exposed, has returned to his southern home after a weeks' sojourn in this city. While here he told the full story of the filibustering movement to a reporter. He says that the English colonization company was at the bottom of the scheme, which was in fact simply a revolution. Major Scott, the general manager of the colonization company, first broached the subject to him (Smith) at San Diego. Scott is a member of the English royal engineers and came to Lower California on a two years leave of absence, which has expired and he is on his way to Indiana to join his regiment. Smith says:

"Scott wanted a number of Americans to locate at Ensenada, to take up residence there and become citizens of Mexico. At the proper time an uprising of the people would take place, arms and ammunition being previously smuggled into the territory from the United States. An independent government was to be set up in Lower California with Ensenada as the capital. I accepted Scott's proposition and at his invitation made a trip to Lower California. If the scheme had been carried out I would have made a clean $50,000 by the operation. My printing office at San Diego I intended to remove to Ensenada, where I was to start a daily paper that would become the official organ of the new independent government.

"I was to be made governor-general at a large salary. At Scott's request, before I visited Ensenada, I saw Gen. Edward Hill in San Diego. Gen. Hill was with the Michigan volunteers in the war of the rebellion. As he was an expert in military affairs we looked upon him as a valuable man for Scott's scheme. He accompanied me to Ensenada and after looking over the ground we both concluded that the scheme was feasible. It is my opinion that it would have been a success had not Scott taken so many men into his confidence. He talked entirely too much."

WILL BE TIED UP.

The Entire System of the Illinois Central Will be Unable to Move Trains.

CHICAGO, June 24.—As a result of the strike on the Iowa division of the Illinois Central, at 1 o'clock this morning eighteen trains were standing upon the tracks ready to go out, while twelve trains were scattered along the division, which should have been in at that hour. Grand Master Wilkinson, of the Brotherhood of Railroad Trainmen, will be here this morning. The strikers are positive that he will approve of their action and that unless a settlement is reached soon the entire Illinois Central system from Chicago to New Orleans will be tied up.

The local switchmen and the representatives of the suburban train service held a meeting last night and declared their willingness to strike at a moment's notice. The yardmen also declare their readiness to strike. A meeting of all the employes in the operative department of the company is called for 10 o'clock this morning. The trainmen, freight engineers and firemen, switchmen, crossing guards, etc., will rendezvous at the down town freight yards, at 7 o'clock this morning, and committees will be appointed to wait upon General Superintendent Sullivan and state their case. If his response is unfavorable they will call a meeting and form some plan for permanent conduct. Superintendent Caldwell expresses his opinion that the officers of the company will recognize the justice of the strikers' demands as soon as they have an opportunity to investigate them. He expects a favorable action to-day.

All trains are tied up. At 10 o'clock the strikers agreed to let the express car be attached to the mail car of the St. Louis train. At 10:15 the two cars and an engine pulled out, no passenger coaches being attached.

BROKE JAIL.

A Desperado Kills the Jailor and Escapes in the Darkness.

BEATRICE, Neb., June 24.—Jack Wortman, a noted desperado confined in the county jail for horse stealing, last night killed the jailor, George Maxfield, by striking him over the head with some sort of an edged tool. He escaped in the darkness. The assault was made as the jailor was handing a pail of water through an outside corridor door. The sheriff and a posse are scouring the country for Wortman. Threats of Lynching are made, and if Wortman is recaptured short work may be made of him.

MAIL ROBBERS!

The Inspector's Light Down on a Gang of Thevis in Iowa—Paymaster Short in His Accounts.

CHICAGO, June 24.—For over nine months past constant complaints have reached the chief of postoffice inspectors here of the loss of checks, postal orders, money, etc., while in transit between Council Bluffs and Davenport, Iowa. The total face value of mail matter lost is over $600,000. The inspectors detailed on the case discovered that mail pouches were stolen at Wyandotte Junction where the mail matter on the Rock Island road is transferred to the Burlington road for early morning delivery in Chicago. One pouch, with 50 per cent. of its contents rifled, was found at the bottom of a well. Another, containing nearly $250,000 worth of checks and drafts, was discovered in a vacant house. Six railroad employes at Wyandotte Junction were placed under surveillance. Four of them, however, managed to slip away. The other two, Wilson Green and A. E. H. Lay, were arrested yesterday and held for trial in $5,000 each.

EL PASO, Texas, June 24.—Paymaster Duran, of the Mexican Central railway, is in jail in the City of Mexico, charged with being $10,000 short in his accounts. Mr. Duran has held a high place in the business and social world of his country's capital and his arrest on the above grave charge has caused a great sensation.

AGAINST THE TRUST.

The Sugar Trust Gets a Black Eye at Saratoga, N. Y.

SARATOGA, N. Y., June 24.—The court of appeals' decision in the sugar case handed down this morning is strongly against the trust. The judgment of the lower courts dissolving the trust are fully affirmed by the court of appeals. This fact was not apparent in the first decision handed down at 10 o'clock, the decision being so clouded with technicalities that its true intent was not apparent to one not familiar with every phase of the case. At 11 o'clock, however, Clerk Parks announced to the anxious group of correspondents that there had been a mistake in preparing the decision, his deputy clerk, or some one else, had left out the most important feature of the decision, viz.: the fact that the court had affirmed in toto the decisions of the lower courts. A copy of the opinion cannot possibly be had here to-day. It is in possession of the court officials at Albany.

MUST BE ELECTROCUTIONIZED.

The Original Judgment in the Kemmler Case Affirmed.

SARATOGA, N. Y., June 24.—The case of Kemmler vs. Durston, warden of Auburn prison, was argued in the court of appeals this morning by W. Burke Cockran for the appellant, who was opposed by Attorney General Charles F. Ober. Arguments were exceedingly brief and the motion was dismissed without the court leaving the room. Chief Judge Ruger, in dismissing the motion, alluded to the grievous delays in the case and ordered Kemmler to remain in the custody of Warden Durston, who will carry out the sentence of the lower court that he be executed by electricity.

EX-SECRETARY M'CRAY.

His Death Occurs at St. Joe, Mo., After a Long Illness.

ST. JOE, Mo., June 24.—Ex-Secretary of War George W. McCray died at the residence of his son-in-law, Dr. W. C. Boetler, at 10 o'clock last night, aged fifty-four years. He has been ill for some time, and has been confined to his bed for a month, being taken down shortly after his arrival here to visit his daughter. His complaint was tumor of the stomach. He leaves a wife and children. The remains will be taken to Keokuk, Iowa, for burial.

GOT AHEAD OF HIM.

Attendants at the State Insane Asylum Resign.

INDIANAPOLIS, June 24.—Superintendent Wright, of the insane hospital, returned from the east yesterday and found that Misses Griffiths and Kane and all other attendants connected with the abuse of Mrs. Baker, of Aurora, had tendered their resignations during his absence. They were promptly accepted and the attendants have left the institution. It was the superintendent's intention to discharge them, but they anticipated his action.

Lockout Broken.

NEW YORK, June 24.—Hopkins and Marks, members of the association of the cloak firms, surrendered this morning to the terms of the locked out workmen. The men will go back to work at once and be paid in full for the time they have been out. This breaks the backbone of the lockout and it is only a short time when the other firms will yield.

Law and Order Triumph.

CEDAR KEYS, Fla., June 24.—At the city election yesterday Col. E. J. Lutterloh, the law and order candidate, was elected mayor to succeed Mayor Cotterell, whose whereabouts are unknown. The Cotterell faction worked hard to defeat Lutterloh.

BIT BY A MAD DOG!

Four Persons, Fearing Hydrophobia, Journey Ten Miles to Have the Mad Stone Applied.

ST. JOSEPH, Mo., June 24.—Four persons, Ira Peters, Mrs. Mary Leach and daughter, and Miss Emma Riley, were bitten by a mad dog yesterday afternoon. Peters was the last one bitten. He seized the dog by the neck and held it until it was shot. The wounds of those who are bitten were at once cauterized, but hydrophobia is feared. They will all go to a town ten miles north of St. Joseph to-day, where they will have a mad stone applied.

WASHINGTON.

The Committee Report Adversely to the Senate Amendment on the Silver Bill.

WASHINGTON, June 24.—By a vote of 6 to 5 the house committee on coinage, weights and measures to-day decided to report the silver bill back to the house with a recommendation that the senate amendments be non-concurred in, and a conference asked. Messrs. Walker, of Massachusetts, and Mutchler, of Pennsylvania, were absent from the meeting.

The committee on rules which was in session to consider a program for disposing of the new national election bill, was informed of the action of the committee and immediately adopted a resolution providing for the discussion of the committee and report in the house to-day and until 2 o'clock to-morrow when the previous question is to be considered as ordered and a vote on the question of non-concurrence in the amendments is to be taken. The committee on rules will meet again to-morrow to consider the bill and it is believed that a resolution will be adopted providing for its consideration in the house this week.

A VOTE TO-MORROW.

The house has adopted the rule to consider the silver bill at once and vote at 2 o'clock to-morrow on the senate amendments.

ESCAPED LYNCHING.

Trouble Among the Street Sprinkling Drivers at St. Louis.

ST. LOUIS, June 24.—For some time ill feeling has existed between the drivers of the St. Louis Sprinkling company and Foreman Andrew C. Heiu. Recently the drivers demanded an increase of wages, and their request being denied, they blamed Hein for their failure to secure better wages. Last night two discharged drivers named Jack Masterson and John Gempke assailed Hein at the company's yards. Hein shot and almost instantly killed Masterson. An officer placed Hein under arrest and they were soon surrounded by a howling mob, who pelted them with stones, bricks and clubs. For many minutes it looked as if Hein was to be lynched. Other policemen came to the rescue and Hein, almost dead from his injuries, was rescued from the mob and placed in jail.

JOHN L. SULLIVAN

Mike Donovan is included in the indictment found yesterday against Sullivan.

SAN FRANCISCO, Cal., June 24.—The LaBlanco-Mitchell fight, which was to have taken place at San Francisco Friday of this week, has been indefinitely postponed.

THE FARM HILL HORROR.

The Rescuing Party Will Gain an Entrance to the Death Prison.

PITTSBURG, Pa., June 24.—A report has reached the city that about 3:30 o'clock this morning the rescuing party at Dunbar made an opening into the Farm Hill mine and at once walled it up again pending necessary preparations for an exploration. The report, however, lacks confirmation. A later telegram from Dunbar, says: "A fresh-air passage has just been opened by the rescuing party. It is believed that it leads into the Farm Hill mine. The end is likely to come before noon."

Fatal Wreck.

HAMILTON, Ont., June 21.—The Atlantic express on the Grand Trunk railroad, consisting of a baggage car, two day coaches, smoking car, two sleeping cars and a dining car, was derailed at Copetown, sixteen miles west of Hamilton, yesterday afternoon. E. J. McDonald, of Chicago, was killed and seven persons injured.

DR. LIGHTHALL'S DIAMONDS.

The Diamond King's Jewelry Exhibited in a St. Louis Show Window.

A Fort Wayne gentleman happened in St. Louis the other day and relates that, when passing the office of a leading pawn-broker, he noticed a peculiar collection of diamond-studded jewelry, and upon inquiry learned that it was the former property of Dr. J. L. Lighthall, the traveling medicine man, who died in Texas some time ago. The doctor will be well remembered for his exploits in this city. He was familiarly known as the "Diamond King." In the collection is a massive gold case, horse-timer watch, studded with sixty-four diamonds. A picture of the doctor is engraved on the outside of the golden case. The original cost was $3,800. There is a massive gold neck chain weighing 600 pennyweights, strong enough for a hitching rein for a frisky horse. A ring, with a setting surface one and a half inches square, is bedecked with 185 small diamonds. There are two other rings which belonged to his wife that are set with diamonds, and a large golden cross set with thirty-eight diamonds. There are several other pieces of jewelry equally as elaborate, forming one of the most peculiar and costly displays ever shown in a pawn shop window. The jewelry was pledged by the widow of the deceased about a year and a half ago and is for sale.

THE BODY IDENTIFIED.

The Headless Body at Claypool That of F. Baker.

The headless body of a man found on the trucks of the Nickel Plate engine at Claypool yesterday morning has been identified as that of F. Baker, a young man who had been working for George Hall, near Claypool. Indications point to the fact that he had got off the truck, but did not either get far enough or attempted to cross over to the other side and was caught. He was an excellent young man and highly respected.

Mrs. M. C. Cooper, wife of Rev. M. C. Cooper, of the St. Paul M. E. church, is visiting relatives at Upper Sandusky, Ohio.

WILL IT BE GUILTY?

The Davidson Murder Trial Goes to the Jury To-day—The Local Court Proceedings.

The testimony of the defense in the Davidson murder trial was resumed at Columbia City Monday morning. The witnesses examined were Louis Lincoln, Basil L. Butt, Eliza Vandewater and Frank Ruby. There was no evidence of a startling nature introduced and the state gave no rebuttal testimony. The arguments of the counsel in the case were commenced in the afternoon by J. F. Rodabaugh, the assistant prosecutor, who spoke for two hours and a half. Mr. C. M. Dawson, for the defense, spoke in the evening. Judge S. M. Hench spoke this morning for the defense, and Prosecutor J. M. Robinson is closing the case this afternoon.

THE LOCAL COURTS.

Charles Brizius enters suit in the circuit court against Emily Snodgrass for $500 damages for slander. In the complaint, which is drawn up by Attorney J. R. Bittinger, it is alleged that the character of the plaintiff was injured by his being charged with stealing a coat and vest from the house of the defendant.

Justice Ryan has finally settled the case against Phillip Freighloch for abusing a child. He assessed a fine of $10 and costs, amounting to $36, which the defendant, being unable to pay, went to jail for thirty-six days. A quarrel which grew out of this suit resulted in the fining of George Hoffman, the prosecuting witness, $1 and costs for assault and battery on Ellen Whitmer.

Justice Ryan is hearing a case this afternoon in which Henry Rodebeaver is accused by his wife of failure to support her.

Bert Koch, for assaulting Ella M. Payne, a colored girl, is having a hearing before Justice Ryan to-day.

Lena A. Degitz, through her attorney, A. H. Bittinger, enters suit against Louis Degitz. Cruel treatment and failure to provide are charged. The parties reside in the sixth ward, and the defendant is a one-armed railroad watchman.

Mayor's Court—August Strader, for assault and battery on his wife, went to jail for eleven days; William Riley, for soaking his hide in beer, was sent to jail for eleven days.

William Jones, a vicious looking mulatto, assaulted John Sheehan with a hatchet. The tool struck Sheehan on the hand, cutting him badly. The assault occurred near Scerist's saloon, not far from the Rich hotel, and Officer O'Ryan made the arrest. The colored prisoner was arraigned before the mayor this morning and bound over in the sum of $500, in default of which he went to jail.

A PITIFUL DEATH.

Ella Perry, a Betrayed Girl, Gives Up Her Life.

This morning a little past 4 o'clock a most painful and heart-rending scene was witnessed in the quiet home of Mr. and Mrs. Marion Perry, 100 Walton avenue. Young Ella Perry, their cherished daughter, yet at the threshold of young womanhood, was dying, the victim of a cruel betrayer, unknown to all but the unfortunate girl who was then giving up her life. Five weeks ago Miss Perry gave birth to a baby boy, whose ill-timed arrival caused only shame to the young mother and sorrow to the family. We let the mantle of charity fall here. The girl did not recover and her symptoms were so alarming this morning that Dr. George C. Stemen was summoned, but upon his arrival a soothing and immortal relief had come to the girl. She was in the sleep of death and the motherless babe lying near her.

The deceased was seventeen years old and an exceptionally bright young lady, whose sunny disposition endeared her to a large circle of friends. The funeral will be announced hereafter.

The city fathers will tussle with municipal business to-night.

The verdict in the Davidson murder trial will soon be known.

The Vigo county democracy have indorsed Senator Voorhees and nominated Jonathan S. Lee and Isaac Beauchamp for the legislature.

A number of skeletons have been exhumed near Montpelier, together with tools made of stone, apparently used for tanning leather. There was also a quantity of flints and stone axes.

Rev. W. B. Riley, pastor of the First Baptist church, of Lafayette, has accepted a call to Bloomington, Ill. Mr. Riley recently received a flattering call to Lynchburg, Va., but declined.

The republicans of Tippecanoe county have selected Job Osborne for state senator and Asbury F. Wells for representative. Both are ex-members of the general assembly.

The cholera scare is inducing a number of cities to clean up. It hasn't reached Fort Wayne, yet. Some enterprising newspaper reporter will be springing the sensation before long, however. It always comes with the summer months.

Rev. Wm. P. George, D. D., of Jersey City, delivered an address last evening in the chapel of the M. E. college to the students, using for his theme, "A Bird's Eye View of the Bible." The lecture was an interesting one and ably handled by the speaker.

Auburn, South Bend, Ligonier, Goshen, Kendallville, and Waterloo have joined with Montpelier and Hicksville, Ohio, in forming a fair circuit, advertising and working in common. The first fair will open at Auburn September 7, and the others will follow in regular succession, closing at Waterloo October 10.

Mayor Harding has issued a proclamation forbidding dogs to run at large after July 1st and up to October 1st, without being muzzled, and ordering the police to shoot all canines disobeying the order. The dogs will heed this warning and govern themselves accordingly if they wish to live and enjoy another winter.

Mrs. Marie B. Woodworth, the evangelist, well known here, was badly treated in California the other day. She predicted that the Golden Gate city would be destroyed by an earthquake, a cyclone, a monsoon and a tidal wave. But they all missed connection and some people were very warm. This feeling of disappointment among those who had sold their property, anticipating a depression in the prices of real estate, when the scare ran over the town, nearly caused the death of Mrs. Woodworth Tuesday night. They gathered about the tent where she had been preaching and mobbed her. Her life was saved, but that is about all she did save.

The board of visitors of West Point is considering the subject of increasing the number of cadets at West Point to 500. The plan for the increase is to allow each senator an appointment and to give the president ten every year.

The members of St. Mary's Masonic lodge, No. 14, celebrated an anniversary on Sunday. A parade was given from the hall to the A. M. E. church, by the members and the chapter of the Eastern Star, where an address was delivered by Rev. W. H. Brown.

The secretary of war says that, with the present force at his disposal, it will require six years to complete the compiling, indexing, printing and binding of the official record of the rebellion. There will be 320 volumes. Forty-five of them have already been distributed, and eleven are printed and being indexed, leaving sixty-four volumes to be compiled and printed.

Lewis Moore, the democratic candidate for auditor of Delaware county, has offered, in case of his election, to refund $1,500 per annum of his salary to the county, making a total of $6,000 for the term. Claim is made that this proposition conflicts with the new election law, and that Mr. Moore has lain himself liable to prosecution, because it is a bid for the votes of tax payers.

The International Sunday school convention convenes in Pittsburg today, and will continue for four days, holding three sessions daily. It promises to be the largest and most important meeting of the kind ever held, fully fifteen hundred delegates and prominent divines being expected. In addition to the delegates from the states and British provinces, commissioners from various foreign countries will attend. Among those from foreign lands one from India and one from Egypt have already reached this country.

The salaries paid church choir singers are beginning to assume the proportions paid those on the operatic stage. Miss Clementina de Vere, the soprano in Dr. Paxton's church, New York city, receives $4,000 a year for her services, or $112.50 each Sunday. This is claimed to be the highest salary ever paid to a choir singer, either in America or Europe. Miss Jennie Sutton, the soprano of the Fifth Avenue Baptist church, New York, draws $3,000 a year from the church and realizes $5,000 more from concert engagements.

Governor Campbell was asked to tell what a young man just graduated from college should do. The governor made this sensible reply: "As a rule, I think, too many college graduates seek professions, so called, as the law, medicine and the ministry. If they would go more into mercantile, mining, manufacturing or railroad industries their chances for success in life would doubtless be improved. My own observation has taught me that a young man who is determined to win, and who preserves good habits and a high moral tone, is sure to succeed, unless he meet with loss of health or other unusual misfortune."

The ceremony was performed at the bride's home on Montgomery street, Rev. J. M. Boggs, pastor of the Third Presbyterian church officiating. The nuptials were celebrated without ostentatious display, in the presence of only a few friends and relatives. The attendants to the bride and groom were Miss Minnie Rose, of Grand Rapids, and Mr. Robert Dreibelbiss, of this city. WASHINGTON TYPEWRITERS.

Some of the Girls Make a Good Living Outside of the Department.

The Washington correspondent of the New York World says: Some of the prettiest girls in Washington are typewriters. They are numbered by the thousands, and they are the most expert of their kind in the United States. The greater part of the typewriting of the departments is done by them, and scores of them have offices and take in work from congressmen, lobbyists, claimants and attorneys. They come from all parts of the country, and I am told that there are 1,500 who make a living outside of that given through the civil service by Uncle Sam. I chatted with one of these yesterday about her business.

She said: "Of course I like it. I get more pay here than I could get in New York, Philadelphia or Chicago and I make enough to buy a lot now and then. I was offered a twelve-hundred-dollar clerkship in the treasury a few months ago and I would not take it. I can make more outside and I would not have my life ground out by the government machine, nor will I let one of those snarky chiefs boss me around. I have a number of congressmen whose correspondence I attend to. They come here in the morning and dictate their work in short-hand, and I often go to the office of a senator or to his committee room at the capitol when there is a big job on hand. Of course I get big prices for such labor and I have often received a dollar an hour. Senator Stanford pays the highest prices and he often employs typewriters. Such copying as I do I get paid for by the folio of a hundred words and the average rate paid here is sixty cents per 1,000 words. I sometimes do work for reporters and I once had an arrangement with Amos Cummings to give him three hours every evening. He dictated directly to the typewriter and he paid me $20 a week."

An Unfortunate "Cracker."

The phosphate beds produce lots of funny instances. A tall, lank Cracker entered a chemist's office the other day with a handkerchief full of rock and sand, and in a husky and excited whisper said:

"Mister, be you alone?"

"Yes, sir."

"Can I lock this door?"

"Yes, if you wish to."

After locking the door and seeing that no one was hiding anywhere, the Cracker slowly undid his handkerchief and handed some rocks to the chemist for his inspection, and asked: "What do you think of that?"

The chemist carefully examined it and said: "I do not think much of it," at the same time pouring some acid on it which caused it to effervesce like a saidlitz powder.

Cracker—What does that show?

Chemist—That shows it is a first class sample of lime, with no bone phosphate about it.

Cracker—Boss, are you sure about that stuff?

Chemist—Yes, very sure.

Cracker (with a long drawn breath)—Well, I've married a widder with a hill plumb full of that stuff, an' I thought it was phosphate. I'm in fer it, ain't I? (Good-by.—*Gainesville Advocate.*

A young man was calling on a Congressman's daughter, the other evening, when the father appeared at the parlor door. "May I come in?" he asked hesitatingly. "Oh, yes," she answered, "you may, but we have a quorum without you." Then he didn't.

ROGERS' ROYAL NERVINE

This timely discovery in Medical Botany has proved itself to be one of the greatest of boons to the present generation. Sleeplessness, with its attendant horror, seems to be on the increase. ROGERS' ROAYAL NERVINE produces this beneficent result by acting directly on the Brain and Nerves; and the beauty of it is, that it causes no harm to any part of the system, is a safe, pure and wholesome family medicine and can be safely taken by the infant and adult.

Some women imagine that nothing will stand the peculiar breaking strain of their forms on corset "bones."

They don't know Kabo, which neither breaks or kinks.

If Kabo breaks or kinks in a year, go back to the store at which you bought your corset and get your money again, every cent of it.

If the corset doesn't suit you, after wearing a week or two or three, go back for your money.

There's a primer on Corsets for you at the store.

Habitual Costiveness

causes derangement of the entire system and begets diseases that are incredible. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Dizziness, Irritable Temper and other symptoms, which unfit the sufferer for business or agreeable associations. Regular habits of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect health seems that bespeaks the full enjoyment of health.

"Just as Good,"

Say some dealers who try to sell a substitute preparation when a customer calls for Hood's Sarsaparilla. Do not allow any such false statements as this induce you to buy what you do not want. Remember that the only reason for making it is that a few cents more profit will be made on the substitute. Insist upon having the best medicine—Hood's Sarsaparilla. It is peculiar to itself.

A nobleman is feeding daily 1,000 victims of the famine in Tokio, Japan.

For the cure of the inflammation and congestion called "a cold in the head" there is more potency in Ely's Cream Balm than in anything else it is possible to describe. This preparation has for years past been making a brilliant success as a remedy for cold in the head, catarrh and hay fever. Used in the initial stages of these complaints Cream Balm prevents any serious development of the symptoms, while almost numberless cases are on record of radical cures of chronic catarrh, after all other modes of treatment have failed.

The Crowned Heads of the World
LOOKING ON.

Sixty years ago S. S. S. was made in an ordinary iron pot; fifteen years ago it was prepared in large sugar kettles, and now it requires a great number of large steam-tight percolators to supply the demand, and takes the product of a large glass furnace to furnish a sufficient number of bottles. S. S. S. is known all over the English-speaking world, and in many places where English is not spoken. These simple facts are worth more to a sick man than a train load of arguments. If you have had any blood disease you should take this great vegetable remedy. If there is pulmonary disease, take it yourself and give it to your children. If you have ever taken the mercury and potash mixtures, you should take S. S. S. to clear your system of the poison.

Caution.—Like every other article of merit S. S. S. is imitated, aped, and pirated on by all sorts, shapes and sizes of impecunious creatures who hope to make money on its reputation. Many of these vile compounds contain Mercury, Potash, Arsenic, and other poisons, and are positively dangerous to use. An imitation is always a fraud, and flourishes only as it can rob the public. There is only one S. S. S., and there is nothing like it. Be sure to get the genuine.

THE MUTUAL LIFE INSURANCE COMPANY,
OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 93 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well kuown Mordiant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Consul General and a Gentleman of wide influence and of great business capacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.
